PROFILE

BSc. (Hons) Computer Engineering undergraduate at the University of Ruhuna, interested in full-stack software development, backend engineering, machine learning and DevOps. Building practical software projects that address healthcare, emergency response and citizen services. Open to software engineering internships and collaborations.

EDUCATION

University of Ruhuna, Sri Lanka - BSc. (Hons) Computer Engineering (Undergraduate)

Academic focus: software engineering, computer systems, machine learning, networking, DevOps, backend engineering and database systems.

SELECTED PROJECTS

LankaCare | Digital Healthcare Platform

Centralized ecosystem connecting citizens, hospitals, doctors and healthcare staff. Project scope includes patient portals, appointments, digital health records, prescriptions and role-based workflows.

Focus / stack: Java, Spring Boot, Next.js, React, JWT | [Repository](#)

ERCS | Emergency Resource Coordination

Two-member software engineering project for EC5207 DevOps Engineering. Supports incident monitoring, resource requests and allocation, response teams and operational dashboards.

Focus / stack: React, TypeScript, Node.js, Express.js, PostgreSQL, Docker, GitHub Actions | [Repository](#)

GramaLink LK | Citizen & Government Services

Client-server coordination for citizens and administrative officers, with request tracking, live notifications, file transfer and role-based access.

Focus / stack: Java, JavaFX, TCP socket programming, PostgreSQL | [Repository](#)

Personalized Glucose Forecasting | Machine Learning

Explores glucose prediction approximately 30 minutes ahead using CGMacros and ShanghaiT2DM data, preprocessing, time-series features, regression and validation.

Focus / stack: Python, Pandas, NumPy, Scikit-learn | [Repository](#)

TECHNICAL TOOLKIT

Backend: Java, Spring Boot, Spring Data JPA, Hibernate, REST APIs, Maven

Frontend: React, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS

Data: PostgreSQL, MySQL, Python, NumPy, Pandas, Scikit-learn

Delivery & tools: Git, GitHub, Docker, GitHub Actions, CI/CD, Linux, Postman, IntelliJ IDEA, VS Code, Figma

MEMBERSHIP & ACTIVITIES

Institution of Engineers, Sri Lanka - IESL Student Member, **S-3388**

IEEE Xtreme - Participant | RedCypher Competition - Participant

Collaborative software ecosystem: [Gridora Systems](#)
